

PRIYA

A teacher is a candle that lights every mind,
Guiding us forward with patience and kindness.
They turn doubts into confidence,
And dreams into achievable goals.
Their lessons last far beyond the classroom,
Shaping hearts, character, and the future.
A great teacher inspires forever. ☐

“My teacher is a very sweet, kind, and caring person. She always treats her students with patience and respect, making everyone feels comfortable and valued. Her friendly nature creates a positive and welcoming Classroom environment.

We are grateful to have such a wonderful teacher”

You are the light that guides our way,
The strength that helps us face each day.
With wisdom, patience, and a caring heart,
teach us lessons that set us apart.
You inspire us to dream and achieve,
And show us the power to believe.
Your words become the foundation of our success,
Your encouragement helps us do our best.
Though years may pass and time may fly,
The impact of a great teacher never dies. ☐☐☐
